Yacht Charters

Yachting Vacations Made Simple

Duneshore offers two-day to weekly bareboat charters (no captain) on a variety of fully-equipped boats. Our beautiful White Lake location bisects a string of cozy harbors connected by undulating dunes and miles of spectacular Lake Michigan beaches.

Spend a weekend on White Lake, swimming at the beach, anchoring in a quiet cove, exploring the towns of Whitehall and Montague, and visiting the historic lighthouse. Or head out to “the big lake” to day-hop from harbor to harbor, discovering the quaint resort towns tucked safely behind the bluffs. You’ll find beaches, lighthouses, shops, cafes, galleries, and antiques.

Lake Michigan always dishes up exciting sailing, and Duneshore’s carefully chosen, well-managed boats will provide you with all the comforts of home. Let us help you create a Lake Michigan yachting adventure to remember.

Yacht Management

Putting the Pleasure back in “Pleasure Boating”

Spending more time and money tackling the endless cycle of boat chores every year, and less time actually boating? Join our bareboat charter fleet, and reverse the cash flow! Duneshore will market your boat for charter, assist you in preparation and maintenance, handle reservations, carefully screen prospective customers, and inspect and clean your yacht after each charter.

You earn 50% of charter revenues, AND, you can reserve as much time for yourself as you like. Put your boat to work!

Small Boat Rentals

The best part of your White Lake Vacation

Take the family on a sunset cruise on a small powerboat, paddle along the shoreline in a kayak at dawn, or fly across the lake on the breeze in a small sailboat when you visit White Lake.

Live on the lake and expecting company? Be ready to entertain the gang with a rental boat or two, without the expense and work of ownership.

Duneshore offers a variety of fun, well-maintained boats for daily or weekly rentals. We’ll deliver right to your White Lake Cottage. No work, all fun.

See our website for available boats.
