Please briefly describe your facility and maintenance needs: _____

Who we are...

Family owned and operated since 1969, Rose Maintenance has provided superior cleaning and other building maintenance services at attractive prices. We focus our services solely on office, manufacturing, industrial, commercial, educational, governmental, and banking facilities. We do not perform residential work. We have built our business and reputation on being very attuned to our customer's needs, consistently, day in and day out.

Headquartered in Muskegon, Michigan, Rose Maintenance employs 90+ people and we maintain facilities throughout the West Michigan area. We specialize in cleaning larger, more complex buildings that may require services 7 days a week, 24 hours a day.

We are a full-featured building services contractor, offering window cleaning, carpet extraction, carpet shampooing, floor refinishing, daily housekeeping, and more. We are also proud to offer a Green Clean program that implements environmentally-friendly building maintenance techniques.
